Going on Vacation: Safety for your Home {House Edition}

Amy Wu

Many people like to go on vacation during the summer time. Below are some recommendations for you to keep your home safe while you are away.

- 1) Have a friend or someone you trust:
 - Mow your lawn, take out your garbage can on garbage days, pick your newspaper, get your mail, and drop by your house a few time a week to make sure everything is okay. Let them know how to reach you if anything happens
- 2) Set up automatic lights, radio, TV, and other electronic devices to give an illusion that there is someone at home
- 3) Set up your alarm system and inform your company that you will be going away and when you will be back
- 4) Make sure your windows and doors are locked (even the upstairs window)
- 5) Do not give your keys/mail/other personal items to someone you do not trust or someone who you are unfamiliar with.

要去旅遊: 如何保護好你的家 {房子版}

吳宛津

很多人在夏天的時候喜歡去旅遊。以下是當你去旅遊的時候，如何保護你家的安全建議。

第一，請你信任的朋友或家人幫你：除草，把垃圾桶在倒垃圾的日子拿出來，取報紙，取信，還有有空到你家走走，確認都沒有事情。你也要記得告訴你的委託者如何聯繫到你。

第二，設定好自動電燈，收音機，電視，和其他電子產品。這樣可以讓人感覺家裡還有人。

第三，把你的警報系統設定好。告訴你的警報系統公司知道你什麼時候會不在家還有什麼時候會回來。

第四，確認你的門跟窗有鎖好。（樓上的也不例外）

第五，不要把你的鑰匙，信件，和其他私人物品交給你不信任或不熟悉的人。
